
October 7, 2021

To the Board of Education and
Mr. Michael B. Vanyo
Assistant Superintendent for Business and Operations
Pocantico Hills Central School District
599 Bedford Road
Sleepy Hollow, New York 10591

In planning and performing our audit of the financial statements of the governmental activities and each major fund of the Pocantico Hills Central School District as of and for the fiscal year ended June 30, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered Pocantico Hills Central School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Pocantico Hills Central School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Pocantico Hills Central School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

However during our audit we became aware of a matter that we believe represents an opportunity for strengthening internal controls and operating efficiency. The recommendation that accompanies this letter summarizes our comments and suggestions concerning this matter.

CURRENT YEAR FINDING AND RECOMMENDATION

SCHOOL LUNCH FUND

Deficit Fund Balance

During our audit, we noted the District had a deficit fund balance of \$15,338 as of June 30, 2021. The school lunch fund operations are required to be self-sustaining. We recommend the District monitor their school lunch program and implement measures to ensure the program becomes self- sustaining.

STATUS OF PRIOR YEAR RECOMMENDATIONS

CASH MANAGEMENT

Old Outstanding Checks

FINDING: During our prior year audit, we noted old outstanding checks for more than one year are being carried on the monthly bank reconciliations. We recommended that old outstanding checks be investigated and removed from the bank reconciliation and the accounting records be adjusted accordingly.

STATUS: Implemented

PAYROLL

IRS 941 Reconciliations

FINDING: During our prior year audit, we noted that the District does not complete an IRS 941 reconciliation quarterly. We recommended that the District reconcile the quarterly IRS 941 forms to the expenditure ledger on a quarterly basis to ensure that payroll expenses on the District's books are properly coded and reported properly on the quarterly payroll tax filings.

STATUS: Implemented

SCHOOL LUNCH FUND

Negative Adult Balances

FINDING: During our prior year audit, we noted several adults had unpaid school lunch account balances. Adults should be paying for their meals at the time of service or setting up pre-paid accounts. We recommended the District establish a no charge policy for adult meals.

STATUS: Implemented

FUND BALANCE MANAGEMENT

Fund Balance – Unassigned

FINDING: During our prior year audit, we noted the District's unassigned fund balance exceeded 4% of the 2019-2020 budget. NYS Real Property Tax Law 1318 limits the amount of unassigned fund balance in the general fund to an amount not greater than 4% of the District's budget for the ensuing fiscal year. We recommended the District monitor its fund balance more closely to ensure compliance with NYS Real Property Tax Law 1318.

STATUS: Implemented
